PROFESSIONAL SUMMARY

Motivated final-year Computer Science undergraduate with a strong foundation in software development, data structures, and algorithms. Passionate about problem-solving and web development, with hands-on experience in building functional web applications. Eager to apply technical expertise in a professional setting.

EDUCATION

Bachelor of Science in Computer Science – University of Delhi
- Achieved the highest CGPA in the first year of college.
- Member of the Computer Science Society.
- Secured 2nd position in Class 12 board exams.
- Secured 1st position in Class 10 board exams.

TECHNICAL SKILLS

- **Programming Languages:** C++
- **Web Development:** HTML, CSS, JavaScript
- **Databases:** SQL
- **Other Skills:** Data Structures & Algorithms (DSA), Competitive Programming, Debugging

PROJECTS

Recipe Finder (SavourEase) – Web Application
Tech Stack: HTML, CSS, JavaScript, Spoonacular API, GitHub Pages
- Developed a responsive web application that allows users to discover recipes based on available ingredients.
- Integrated the Spoonacular API to fetch real-time recipe data, including images, ingredients, and instructions.
- Implemented a search functionality where users can input ingredients to receive relevant recipe suggestions.
- Designed a clean and user-friendly interface for an intuitive user experience.
- Optimized the application for both mobile and desktop devices.
- Deployed the project using GitHub Pages for seamless online access.
Live Demo: https://piiush04.github.io/Recipe-finder/

CERTIFICATIONS & ACHIEVEMENTS

- Solved 300+ problems on LeetCode.
- Completed Data Structures and Algorithms (DSA) in C++.
- Participated in multiple competitive programming contests.
